The Cultural Organization "Neofytos," in collaboration with EASPD and Larnaka 2030 - European Capital of Culture Candidate City, announces the organization of the first European art and culture disability festival in Cyprus titled "Dis'."

Scheduled to take place in Larnaka from November 1st to 5th, 2024, this festival aims to celebrate diversity and promote inclusion through the transformative power of art and culture.

We are committed to work closely with disability organizations and community members to curate an engaging program that includes various forms of art, such as visual arts, performing arts, music, and more.

Parallel events will include workshops, performances, and lectures, creating a diverse experience for people of all abilities. The artistic essence of the festival will be combined with educational initiatives, reinforcing our commitment to promoting understanding and challenging social stereotypes about disability.
